

# Mary reflection

Mary plays a huge role in my life. She helps me realize what's right and wrong. She inspires me to pray and be a better person every day. I learned from her that anything is possible. If something is going wrong, I will always pray to her for help. Mary has impacted not just mine, but also my family's life. I go to Mary for anything. I trust her with my whole life.

I pray to Mary because she makes miracles happen. My papa has had surgeries for numerous reasons, and every time he goes through it, he prays to Mary. He had to get a tumor taken out of his body, and the doctors told us that it was already removed. It was gone before the surgeons could even do anything. I pray the Hail Mary because I believe that is Mary's strongest prayer. From that prayer, I believe, is how miracles happen.

Mary influenced my life in so many ways. She helps me realize when she is around everything is ok. When I hear police sirens or fire trucks I pray to Mary. Mary plays a really big role in my life, and I appreciate her so much. I couldn't imagine if I didn't have Mary to pray to.

My favorite name for Mary is Blessed Mother. As you can probably tell, Mary has impacted my life in so many ways. When I struggle with anything, if I am having a hard time in cheer, school or just questioning my faith, I pray to Mary to intercede and help me through. Mary is my role model and will continue to be forever. I cannot live one day without knowing she is with me, watching over me just like a mother would. Amen.
